HIGHWAY COMMISSION AWARDS BIDS FOR RESURFACING 515 MILES OF HIGHWAY

The State Highway Commission announced this week that bids have been awarded for manufacturing and placing hot paving material which will resurface over 515 miles of highways in 1972. The work will be located throughout the state in all seven highway divisions and will start early next summer as soon as weather permits.

The new maintenance paving program, which started last year, is a joint effort between the contractors and the State Highway Commission. The contractors make and place the hot mix, and the SHC provides trucks and personnel to haul the material from the plant to the job site.

Low bidding contractors this year were: "The Lane Construction Corp., Warren Brothers Co., Marriner's Inc., and Blue Rock Industries. The four contractors submitted a total bid price for their work of \$1,718,706.

The new paving program uses about one-half the funds allocated for resurfacing roads, and will eventually result in upgrading a large portion of the highways that are now resurfaced with the old tarring method. The hot top paving should last two or three times longer than a tar treated surface and will provide better riding characteristics.

Another important advantage of the new system is that wet tar and dust associated with the older method is eliminated.

A tabulation of projects completed last year under the maintenance hot top resurfacing program shows that 535 miles of roads were paved. As part of other programs, an additional 182 miles of heavier duty hot top pavement were placed making a grand total of 717 miles of upgraded road pavement made available to the motorists during 1971.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There will be two vacancies on the Board of Selectmen to be filled this year. Jay Willard, who has served six years and Avery Angvine, who has been on the Board three years have indicated they will not be candidates for re-election. Nomination papers may be obtained at the Town Office. These same men also served as assessors which will leave those positions vacant.

The Budget Committee at their meeting Wednesday night, completed a review of the requests made by the municipal officials. They have made a recommendation on the majority of the items. They will meet again next Wednesday night at 7 o'clock to make recommendations on accounts which have been discussed in previous meetings but no decisions reached. These consist, for the most part, of highway and related accounts.

Total tax collected for 1971, as of Dec. 31, was 91% of the commitment. This is about the same as the previous year's collections.

The State Auditor is expected Jan. 31, to examine 1971 books. We hope he can complete his work in time to have his report for our Town Report.

E. D. C. HOLDS FOURTH MEETING TO DEAL WITH NEEDS OF S. A. D. 44

The fourth meeting of the Educational Development Committee was held at Telstar Regional High School on Monday evening, Jan. 10.

Those present were: Ed Flynn, Sue O'Donnell, Martha Tripp, Mike Davis, Dave Holt, Bill Yeo, Joan Morford, Peggy Crosbie, and Nan Timberlake.

After the minutes of the Dec. 21 meeting were approved, Mr. Flynn reported that Mrs. Pat Saunders, Mrs. Karen Jordan, Mrs. Pat Whitman and Mrs. Coby Roberts were listed as teachers aides under the Emergency Employment Act. If a fifth aide is approved by the State, the committee recommends that she be shared by Ethel Bisbee and Locke Mills Schools.

Peggy Crosbie reported for the Survey Committee that they had received some response from the Elementary School Questionnaire. However, in an attempt to reach more people, a new effort will be made beginning next week by placing questionnaires in post offices and grocery stores in the districts towns.

The committee again discussed an advisor/advice program. Dr. Yeo and Mr. Arsenault will research teacher interest and report their findings in February.

An alternative to our present grading system was discussed briefly, but it was recommended that we all read more on the subject in order to have more knowledgeable opinion at the next meeting. Also, because some parents in Bryant Pond are indicating interest in conferences versus rank cards, they might be a pilot project this year. We will await a report from their P. T. A.

Dave Holt reported that the government representative from Augusta visited the school to discuss Cooperative Education (work-study). He was very interested in instituting such a program in our district. The government would pay 100% the first year. After that the subsidy decreases on a sliding scale.

If the state does decide to allow this district to receive the subsidy and program, they will hire a local person to survey local business for their interest. The E. D. C. unanimously endorses the program.

Mrs. Timberlake reported that the Health Committee has decided to recommend "Conceptual Guidelines for School Health Program in

EMPLOYMENT TAX RETURN DEADLINE NEARS, IRS SAYS

Employers have an important tax deadline Monday, Jan. 31, 1972. This is the last day for reporting Social Security and withheld income taxes for the calendar quarter ended Dec. 31, 1971, according to William L. Wheeler, District Director of Internal Revenue for Maine.

Employers who received a pre-addressed Form 941, "Employer's Quarterly Federal Tax Return," should use this form to report their tax liability. If this is not available, obtain blank copies from your local IRS office.

Jan. 31 is also the last day to report and pay any balance of Federal Unemployment Tax not over \$100 for 1971, using Form 940. A deposit is required with FTD Form 500 if the balance of tax due exceeds \$100.

"Circular E, Employer's Tax Guide," Publication 15, furnishes detailed information on these taxes. The handy publication can be obtained free, in person or by mail, from your IRS district office.

"Pennsylvania" This book was recommended to us by the Maine State Department of Education, reviewed by our Health Committee and found to be excellent. The E. D. C. supports the decision of the Health Committee in recommending the above text and the hiring of a health specialist to teach and coordinate the health program.

The next meeting will be held at 7 p. m. in the Conference Room at Telstar on Monday, Feb. 14. The public is cordially invited to attend.

NEWLY INSTALLED OFFICERS
of Judith Grover Tent, No. 17,
Daughters of Union Veterans of Civil War, Bryant Pond — Front row:

SOUTH WOODSTOCK
— Mrs. Olive Davis, Corres. —

We are sorry to hear of the death of Helen June Appleby Heath of Peru. The services were held Sunday at 2 o'clock at the Adventist Church. Rev. Shaw conducted them. Our sympathy goes out to the bereaved families concerned with the passing of Helen June. Her husband, five children, her mother and father, sisters and brothers and families, and many other relatives too.

A doe was hit and killed near Winfield Buck's driveway this week. Another one earlier in the week was hit above there. Reports were that it ran off into the woods.

Mr. and Mrs. Leslie Bryant were down Friday night to help entertain Ellis on his birthday. The usual games of 63 were played during the evening. The girls started off the new year by winning four games straight. Hurrah!

Flu is quite active everywhere. The only question is how can you avoid taking it? Don't run into it if you know it is present. Use gargle freely and hope.

Oxford Pomona no. 2 will meet with Franklin Grange No. 124 Feb. 1. Speaker for the evening will be Harland Robinson from the Safety Department who will be showing pictures on safety for the program. We hope to have a large attendance.

Mr. and Mrs. Ellis Davis attended Pomona (Oxford) at South Paris last Tuesday night, 5th degree being conferred on a good number of candidates. They were also in Augusta at the Lecturer's Conference and a meeting of the Educational Aid Fund Trustees Saturday. Mr. Davis spoke to the Lecturers on Educational Aid Loans and scholarships. Mrs. Mildred Hazelton went with them as representative of West Paris Grange.

Mr. and Mrs. Guyson Davis spent Sunday afternoon with their daughter and family, Mrs. Chris Nowlin at Newry Corner.

BETHEL CB MONITORS MET TUESDAY EVENING, JAN. 11

On Jan. 11, the members of the Bethel CB Monitors, Inc., held their meeting at the home of the president, Oakley Godwin, with 18 members present. The club learned that one of its members, Asher Runnels, is in the Rumford Community Hospital.

After the reading of the secretary and treasurer's report, the Coordinator, Irving Brown, described his plans on how the club could get organized in the use of the CB Radio System with Civil Defense and other local organizations to assist in almost any situation.

The president appointed three committees: refreshment, entertainment and club bulletin. The meeting adjourned and refreshments were served.

CARD OF THANKS

We want to express our sincere appreciation to all those who have been so thoughtful during the past weeks. Thank you all so much for your cards, letters, flowers, gifts, and kind deeds.

1971 BUSY YEAR AT COMMUNICATIONS CENTER OF MAINE STATE POLICE

1971 proved an extremely busy year at the communications center at Maine State Police headquarters in Augusta.
A total of 59,732 teletype messages originated by Maine police agencies were handled by the center in 1971, compared to 43,062 in 1970. Messages initiated from the center more than doubled over the previous year, with 17,305 sent in 1971 compared to 8,044 in 1970, according to Robert B. Hayden, commanding officer of the Bureau of Communication.

The teletype system links Maine State Police Headquarters with troop headquarters at Kittery, Scarborough, Skowhegan, Thomaston, Orono and Houlton and 10 sheriff's departments and 27 municipal police departments plus the University of Maine Security Office. Addition of one more sheriff's department and one more municipal department of the system is pending installation of equipment.

The State Police center is a station on the Law Enforcement Teletype System (LETS), which enables a teletype message to be exchanged with any other police agency in the continental United States. The center is also the Maine terminal of the National Crime Information Center (NCIC) located at the headquarters of the Federal Bureau of Investigation in Washington, D. C. NCIC is actually a computer bank in which is fed for storage by police agencies nationwide information on wanted persons, stolen vehicles, stolen weapons and any other stolen items which can be serially identified. A query to the NCIC can be answered in less than 10 seconds.

All points bulletins issued over the statewide teletype network increased by 232 over the previous year, 6,454 compared to 5,172. These included 1,331 stolen vehicles, 1,092 missing persons, 738 wanted persons, 531 lost or stolen registration plates, 534 attempt to locate messages and 1,740 miscellaneous messages. The average daily number of messages was 18.

Of the 1,201 vehicles reported stolen for the year, 284 remain uncovered.
Queries made to the NCIC and the Massachusetts Law Enforcement Processing System (LEAPS) for 1971 totaled 31,123. Entries and cleared items totaled 5,645.

Of the total number of queries, 282 resulted in "hits", with 214 made by the Maine State Police, 132 by municipal departments and 36 by sheriff's departments. Two hundred ten of the hits were stolen vehicles or plates, 137 were wanted persons, 36 were stolen weapons and nine were other stolen items.

A total of 23,058 queries were made through the communication center's video terminal connected to

ALIENS REMINDED OF JAN. 31 ADDRESS REPORT DEADLINE

Arthur A. Poulis, Jr., District Director of the United States Immigration and Naturalization Service urged all aliens in Maine who have not yet filled out alien address report forms, to do so before Jan. 31 at the nearest Immigration and Naturalization Service office or local Post Office.

The Immigration official pointed out that the law requires all non-citizens except persons in diplomatic status and foreign representatives to certain international organizations, to report their addresses to the Government each January, as well as whenever they change their addresses during the year.
Mr. Poulis added: "The parent or legal guardian of an alien child under 18 years of age must fill out the address report form for such a child in order to comply with the law."

He declared "we have tried to make it as convenient as possible for non-citizens to meet the address report requirements, and, in view of certain penalties for willful violation, all alien subject to the address report law are urged to comply before the end of January."

Mr. Poulis assured "It is easy for an alien to meet this requirement. He just goes to the nearest Immigration and Naturalization Service office or Post Office, fills out the address report form, and returns it to the clerk. Any non-citizen who is ill may send a friend or relative to obtain the card for him, and to turn it to the clerk after it has been completed by the alien."

The Immigration official said that 10,000 aliens in Maine already have filled out address reports. He estimated that over 20,000 such reports will be submitted before Jan. 31.

At this time all aliens in the United States, as well as any prospective employer of an alien who is in the United States, are also placed on notice that the issuance of a Social Security Account Card to an alien is not evidence of legal permission from the Government for the alien to be employed in the United States. As a general rule, only those aliens who have been lawfully admitted to the United States for permanent residence (lawfully resident) and

W. S. C. S. AFTERNOON CIRCLE MET JANUARY 4

The W. S. C. S. afternoon circle met at the home of Adeline Dexter on Elm Street, Thursday afternoon, Jan. 6.

Several thank yous were read and others in person were given for their Sunshine Baskets at Xmas.

Meeting closed in due form and a Bible Study held. Annie Gordon conducted, with Minnie Wilson assisting. "Growing through Giving" was the topic.

The regular meeting will be held Jan. 20, at Betty Perkins. This will be a quiet meal, a call for "Prayer and Self denial". This is an annual event. Annie Gordon will be in charge of the program.

Refreshments were served by the hostesses, at the close of the meeting.

ERROR NOTED IN COPIES OF REVISED MAINE SNOWMOBILE LAW

A printed error has been discovered in the copies of the Revised Maine Snowmobile Law, released early this fall by the Department of Parks and Recreation.

Snowmobile Coordinator Frank Farren, Jr. stated that the error appears in the section of the law dealing with penalties for violation. Violation of the snowmobile law, or any rules and regulations promulgated by the Department of Inland Fisheries & Game, are now subject to a fine of not less than \$20 or more than \$500 and costs, or imprisonment for not more than 90 days, or both.

Farren said the error was due to a change in the Fish & Game law relating to penalties, which occurred as a result of action by the 1968 Legislature, and which was not noted in the Park & Recreation Department's printing of the law.

the computerized files of the Department of Motor Vehicles. The terminal provides driver license and court record data.

grants may work in the United States. Under certain emergency conditions aliens who have been admitted for a temporary stay in the United States (non-immigrants), and who have been granted specific authorization in writing from the Immigration and Naturalization Service, may work in the United States.
Any other alien found working in the United States in violation of law is subject to penalties established by the Immigration and Nationality Act, including enforced departure from the United States.

In view of the concern expressed by our national and state leaders on the need to provide more job opportunities for the unemployed, including our returning veterans, any prospective employer having questions concerning the legal right of aliens to accept employment should contact the nearest office of the Immigration and Naturalization Service, U. S. Department of Justice.
